

“ In addition to significant cost savings, we have a world-class phone system that outpaces our much larger competitors and allows us maintain a consistent, professional image across our office locations. ”

Thomas Franks
Company director
LifeGuardian Technologies, LLC

What is RingCentral Office?

Get a complete cloud-based business phone system that eliminates expensive on-premise equipment, includes ready-to-use phones, and provides enterprise-class functionality with RingCentral Office. There are no setup fees or contracts, and service is activated instantly.

Use RingCentral as your complete business phone system and:

- Set up your phone system to work the way you do.
- Integrate office, mobile, and distributed employees.
- Connect mobile and office phones under one phone system.
- Manage calls, voicemail, and faxes from your mobile phone.
- Eliminate setup costs and complex installation.
- Significantly reduce ongoing operating costs.
- Add users and phones any time.

How do we compare?

Give your company flexible, cost-effective voice and fax service with RingCentral Office.
