

RingCentral Global Relay Year One

The RingCentral Global Relay was started as a way to keep people active and build camaraderie around the world.

What started as a one-off has become a monthly event that has focused on raising awareness of themes and money for various selected causes.

Global relay in numbers

234

Different participants

4,330 km

Distance covered (2,689 miles)

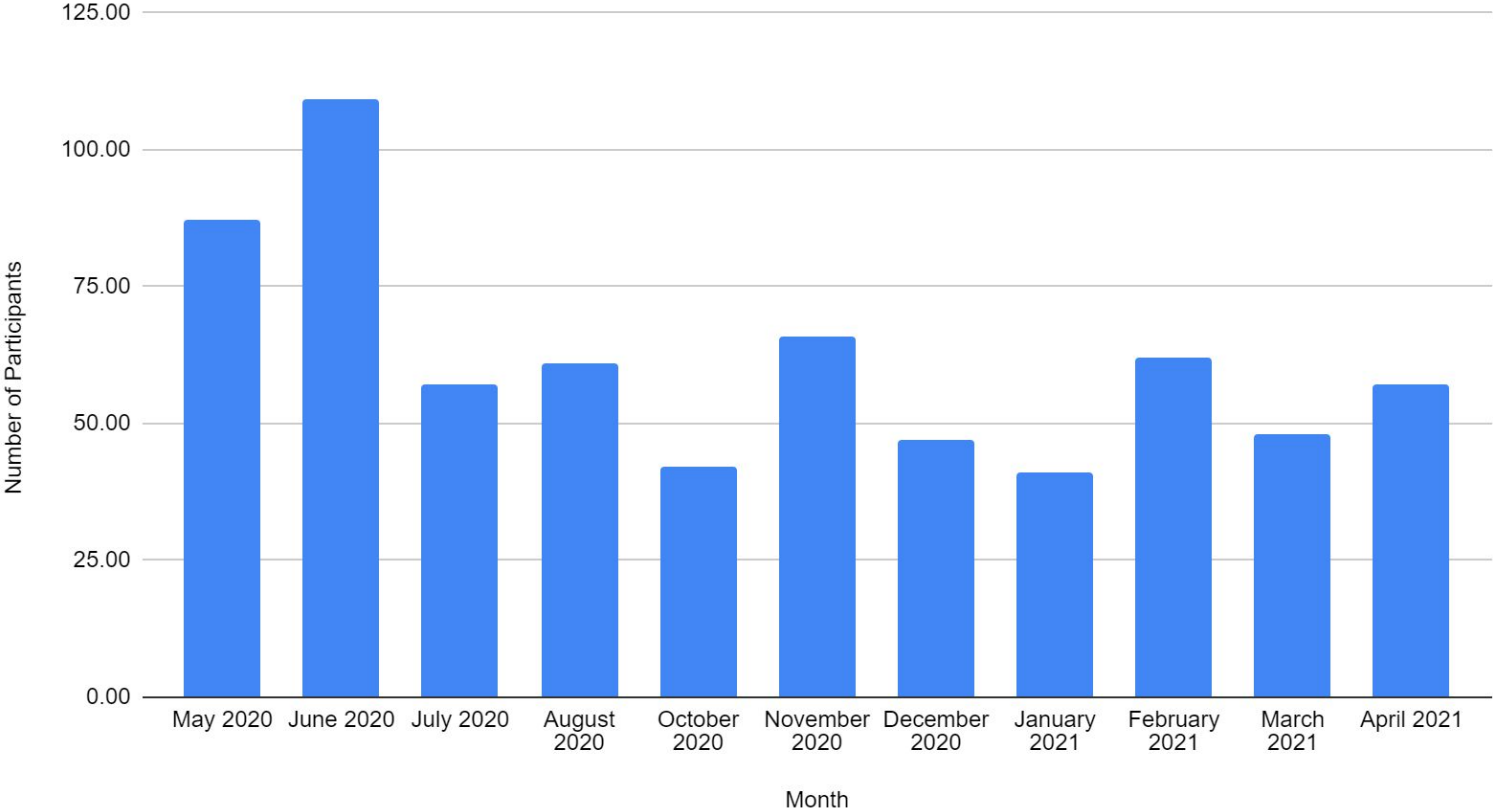

13

Different countries

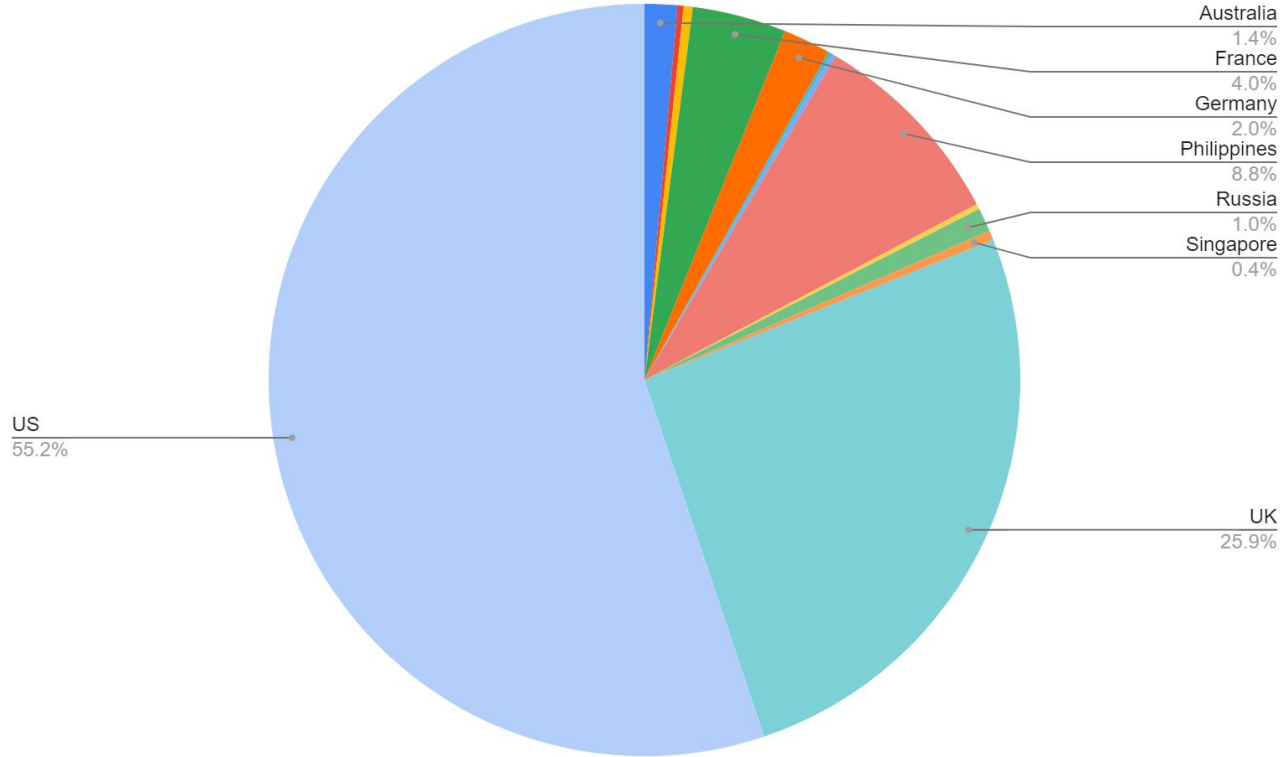

Participation per month
